

# AUTUMNWOOD CARE CENTER

**At Autumnwood, your living experience is your choice.**

Autumnwood Care Center responds to the changing health care needs of our community by offering quality long-term care, memory support and short-term rehabilitation delivered by a specialist-led team of licensed nurses, rehab therapists and social service professionals.

Dignity and the human spirit are nurtured through our faith-based approach to providing living and care choices for older adults.

Our philosophy is simple: We care for you and your family as we'd like ours cared for, with individualized attention, empathy and compassion.

## Memory Support

Our specialized memory support program provides a tranquil household where people with memory loss experience a structured schedule of daily care and activities while having their health care needs met — all in an environment with the everyday comforts of home.

## End-of-life Care

We recognize that loss and anxiety accompany the end of life and are shared by both individuals with terminal illness and their loved ones. At Autumnwood, we provide medical, emotional and spiritual assistance to people facing the end of life, in a comfortable and familiar place, often in partnership with hospice programs. Each member of our staff is specially trained to provide compassionate, attentive end-of-life care.

## Respite Program

For short stays, respite guests enjoy the same short-term rehab, long-term care and memory support health care and services Autumnwood residents receive, including individualized plans of care, amenities and an array of social, recreational and spiritual activities.

## It's Never Too Late™ Sensory Program

*It's Never Too Late (iN2L)* computer systems are so simple to use, anyone — regardless of physical or cognitive disabilities — can touch their picture-based screen icons and learn to access the Internet, enjoy social and spiritual connection, intellectual stimulation and emotional support. Autumnwood therapy and life enrichment programs are enhanced with *iN2L*.
