Volunteers of America Oklahoma and LIFE's Vintage Housing to Partner and Bring Enriched Housing to Tulsa Area Seniors

(TULSA, OK, October 1, 2021) – Volunteers of America Oklahoma (VOAOK) will provide service enriched property management to seventeen (17) community locations owned by Vintage Housing, an affiliate of LIFE Senior Services. The collaboration will place a continuing emphasis on services that promote health, wellness and independence for 688 senior residents in the Tulsa metro area.

“To Volunteers of America Oklahoma, home is where empowered lives thrive. Vintage Housing communities provide active, engaged and supportive environments for its senior residents. Together, Vintage and VOAOK look forward to ensuring that every senior has a place to call home and enhancing our collective services to older adults in eastern Oklahoma,” said Pam Richardson, President/CEO of VOAOK.

The new venture begins October 1, 2021 with kick-off events hosted by VOAOK to meet each senior resident at the various property locations the week of October 4th.

Vintage Housing communities for seniors offer full access to community-based services, fostering independence, socialization and the ability to age in place and are designed especially for older adults with limited resources.

Volunteers of America Oklahoma, an affiliate of Volunteers of America Inc. a 125-year-old national human services organization, is dedicated to serving Oklahoma's most vulnerable including the aging, the disabled, the homeless and veterans in 33 counties in Oklahoma. VOAOK manages eleven affordable housing properties for seniors and the disabled in Oklahoma and Kansas. Tulsa serves as the headquarters for the statewide organization, serving over 11,000 people, with satellite offices in Oklahoma City, Muskogee, Ada, Bartlesville and Bernice.
